Dear Parent,

### *Re: Online Bookings*

The Sports Development Unit are delighted to inform you that we will be moving to an online booking system for all future holiday programmes commencing with the Easter Holiday Programme 2018.

Therefore after February Half term, we will no longer be processing paper application forms.

With this in mind, in order for your child/ren to continue to attend our activities, all Sports Development Unit customers will be required to have an MSR account for each child.

To register for your MSR account/s ALL you have to do is complete and return the application form enclosed, regardless of whether your child will be attending the February half term programme or not.

We will do the rest!

Once we have set up your MSR account you will receive confirmation from us with further instructions regarding logging in, password security and a step by step guide explaining how the online booking system works for all Sports Development activities.

As with the current booking arrangements, telephone bookings for Sports Development Schemes cannot be accepted. If you are unable to book online for the Easter Programme onwards, then customers will be able to make a booking by visiting the main NSC reception during opening times, where a member of staff will be happy to assist.

For any of our existing customers who may have some unused credit vouchers on our current system, please note that we will be unable to transfer any existing credit onto our new system.

We would advise if you have any unused credit to use this for payment or part payment for the February Half Term 2018 schemes.

If this is not possible we can issue you with a full refund in the form of a cheque from the Isle of Man Government on receipt of a printed copy of your credit voucher and covering letter to the National Sports Centre reception. Please be aware that this could take up to 4 weeks before you receive a cheque. Any unused credit vouchers not redeemed by 20<sup>th</sup> July 2018 will become invalid.

If you require any more information please do not hesitate to contact us on 688592.

We would like to take this opportunity to thank you for your custom and continuous support and we look forward to welcoming you online.

Kind regards,  
Sports Development Team
