Meet the  
Sports Leader..

Freddie Palmer first became involved with MYG's unofficially when he was in Reception Year – he comes from a large family who are bowlers at Castletown.

Freddie continued with the MYG program and became involved with the Junior Club at his local club and gained valuable experience from fellow members as well as his family members.

Since April 2023 and now at the age of 10 Freddie is probably the youngest member to bowl for Castletown Club's Men's league where he has been successful in beating some more experienced players from other clubs.

Freddie participates in various Junior Competitions both on and off the island and we feel sure that he will go on to great things within the Bowling Community.

## On the day schedule:-

**It's a Knockout style Crown Green Bowls competition where all regions compete in a fun format over a number of events from round robin competition, obstacle course, target bowls, bowls 'golf' to name just a few.**

**The best individual score from each event will go towards their regions overall combined score which will decide which region is crowned as MYG bowls champions 2024.**
