Meet the Sports Leader..

William works extremely hard as he continues to improve his game as one of our top juniors playing in the 1st division. His form has meant he is a regular in the British League matches which sees our island players compete in the UK over a series of 4 matches per season. He also had the honour of being included in the team for the Island Games in Guernsey last year and made his team debut against the Isle of Wight as well as playing in the individual singles.

William is also a coach and is ever present for the Manx Youth Games sessions in Ramsey for the Northern team.

On the day schedule:-

Match format - play will start at approx 11am and will finish no later than 4pm (likely 3.30pm).

Players will have a short break after the first round of matches. Match format will see players split into 10/12 groups and in the first round this will be random and they will play all players in that group and will be ranked where they finished, ie 1 to 5.

We will then put players in groups as to where they finished so that 1s and 2s etc will play each other in another round of matches. This will see players playing others of the same ability

Medal Ceremony

Presentations to be made by representatives of the sport and/or representatives from our sponsor, Sporting Club Isle of Man
