

POOL ACCESS

Pool Pod & Descending Steps

The Pool Pod provides independent access to swimming pools for people with reduced mobility.

Swimmers can choose to use the pool pod with the submersible wheelchair or the Aqua Tilt Chair (provides trunk support) or alternatively they can remain standing while they descend into the water.

Please notify the receptionist when you arrive if you would like members of staff to assist you with the Pool Pod.

Gradual descending steps are now available to access both the NSC training and flow pools.

Accessible Changing Room

Newly refurbished accessible changing room is available with Track Hoist system, adjustable bed, and sink. Hoists available to access the flow pool in use with a transfer bed or chair.
